

MINIBUS CONVERSION KITS

LOWERED ENTRY

Serving mobility

ENTRIES FOR MINIBUSES

LOWERED ENTRY

B-style has developed a lowered entry for minibuses. It offers the most optimum entry height for all passengers. The lowered entry is compatible with MB Sprinter and VW Crafter.

B-style works with you to deliver a high-quality product that perfectly meets your demands. We achieve this with a personal approach, an innovative development department and experienced professionals. All our activities are conducted in conformance with European regulations and the guidelines provided by the various vehicle manufacturers.

ENTRIES FOR MINIBUSES

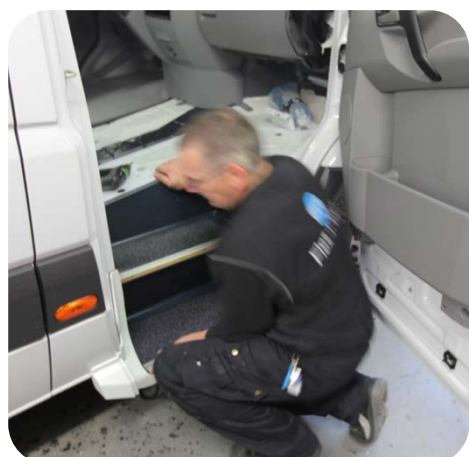

LOWERED ENTRY

100% ready-to-install solution for your vehicle conversion.

Quick installation: complete entry step within less than 2 hours.

Light but strong, corrosion-free solution.

Always the most optimum entry height (25cm) for all passengers.

Always in operation. No technical defects possible.

Compatible with most MB Sprinter and VW Crafter electric door systems.
